

FC8 EVO

DATASHEET

KEY FEATURES

COMPACT

Small Mini-ITX case, ideal for use in places with limited space

ALUMINUM

The entire exterior, including the power and ODD eject button is made of aluminum, no usage of steel or plastic

HEATPIPE TECHNOLOGY

The passive CPU cooling system is included and comes with heatpipes and mounting hardware for all current sockets. This can comfortably handle CPU's with a maximum TDP of 95W*

ODD COMPUTING – TOTALLY SILENT SOLUTION

With its built in passive CPU cooler, it is possible to set up a totally silent computer, 100% noise free

TIMELESS DESIGN

Minimalist design and the use of high-quality materials characterized this case

FRONT INTERFACE

Two USB 3.0 ungradable ports are built into the front for easy connectivity

EXPANSION POSSIBILITIES

Despite the small footprint, there is still space for an optical slot-in, one 2.5" and one 3.5" or additional 2.5" hard drive. A low profile PCI card can also be installed

UNIVERSAL EJECT BUTTON

The redesigned eject button will work with any slot loading laptop drive irrespective of which side the eject button is located

OPTIMIZED FOR MEDIA CENTER

Dedicated mounting posts and window for optional IR-receiver module

EASY INSTALLATION

The user manual contains clear and precise illustrations which show every step of the installation process
