

**DESCRIPTION**

From its inception, the FC9 has been envisioned to provide new levels of compatibility and performance, with a design that is nothing short of stunning. The all aluminium sandblasted finish houses a multitude of features such as Heatpipe Direct Touch cooling, universal optical drive eject button and a pivoting drive cage that makes assembly easier than ever. More than just a computer enclosure, the FC9 is a work of art that beautifully combines form and function.

MODEL USAGE

Silent Home Media (HTPC), Surveillance, Kiosk, Home Automation, Server, Mini PC
